SPRING-SUMMER COLLECTION 2021

Celebration of Simplicity
A new dress code

For Simonetta Ravizza, the spring-summer collection 2021 is a celebration of simplicity.

A collection designed to last:

All-season pieces created for a woman who knows what is essential, who dresses not to be seen, but to express her essence.

Beauty and Simplicity:

Simplicity doesn't mean minimalism, but rather a purity that accentuates beauty. Simplicity means attention to detail. The lines are so pure that the garments seem almost fragile, except that they're made from the finest Italian materials.

Colour palette:

Muted, delicate tones inspired by nature. Tone-on-tone animal prints in pastel shades.

Touches of colour, turquoise and green, inspired by the sea.

Natural materials becoming more beautiful over time:

Suede and leather,

White cotton and silk,

Printed kid and shearling.
